## So Exactly, What is the Shelby Chamber of Commerce & Industry and What Do They Do?

This is a question that we are asked often as the staff of S.C.C.C.I., and we are sure that many of our members may be asked this same question from business colleagues, customers or friends.

There are a lot of misconceptions regarding the Chamber for sure. We are not Shelby County or City of Harlan employees although we do have Shelby County in our name. We are a simple, private, non-profit membership organization (501c6) that counts on support from our membership (dues, event revenue, advertising revenue) and support from area entities to operate. Our vision and mission filter down to a very simple primary goal, to help the business community of Shelby County grow and prosper. Through this, we also strive to continue to help grow the quality of life and the attraction of living in Shelby County.

So, how do we attempt to accomplish this? Through multiple avenues. First and foremost, relationships. Relationships with our members to answer their business questions, help them with business needs, and through our organization developing relationships between the businesses of Shelby County. Visibility for our member businesses through our website, social media pages, and our smartphone application. Promotion of our member businesses again through electronic media as well as our newsletter, our weekly Did You Know email, and referrals for requests we receive by phone, email or visitors stopping into our office. Community Connection for our members by participating on Chamber committees as well as other local committees. Ongoing Training and Education opportunities either generated through the Chamber, our Kick Start the Leader in You workshop, and by notifying our membership of other training opportunities in the area. Finally, Programs and Events the Chamber provides add networking opportunities and help support our efforts through the revenue generated. Chamber Staff also participates in the planning and execution of other programs and events in the area to keep the Chamber "brand" present in the community.

One of the unique aspects of our organization is that we operate as both a Chamber of Commerce and an Economic Development office. This opens more opportunities to grow current business in the area, recruit new services, and hopefully recruit people who will choose to call Shelby County home.

Through membership, a business receives many benefits visibly and behind the scenes. However, joining only gets you so far. Participating in Chamber led events and volunteering for Chamber committees is the true key to receiving the benefits of chamber membership.

## Article Submissions

We are looking for content from Chamber members about your business that would be interesting to others, providing us with valuable and useful information. Tell us something new or some interesting bit of information about your industry and how to use your products and services.

Articles should be informative, non-promotional, and should not be a commercial intended to steer readers to use your product or service before competitors.

You have a full page, so we are looking for articles of 300 to 500 words. Photos of your business are encouraged. Please submit your article, (we prefer a Word Document) and photos to [Carol](#). Our editorial committee (Todd and Carol) will review all submissions. We reserve the right to edit articles and to schedule them according to the needs of the publication.

**Deadline:** The second Friday of the month. Please make sure to include your company's contact information.
